

FAIRTRADE POLICY

At Middlesex Hose and Fittings LTD we believe in opportunities for all and this is reflected within our product and materials recruitment processes.

Middlesex Hose and Fittings LTD are committed to using and promoting the use of Fairtrade throughout our business activities wherever possible as part our commitment to being environmentally and socially aware.

By helping to support Fairtrade we are ensuring that both working and living conditions are improved for those who create the products that we use and buy.

We will:

- Continue to support and raise awareness of Fairtrade issues, as appropriate, throughout our employees, supply chains, subcontractors and clients
- Maintain our ISO 14001:2015 certification through a UKAS accredited assessment body
- Ensure Fairtrade products and materials are used wherever possible
- Encourage our employees to be mindful of more environmentally friendly and sustainable methods
- Give preference to use of Fairtrade products throughout our supplies within the office, trade counter and factory
- Make this policy available to all members of staff with a copy being maintained within our management system located on the company server)

This policy will be reviewed once yearly, with changes made as required due to any changes to legislation or work practices.

Stuart Mundy
Managing Director
Middlesex Hose and Fittings Limited
